BRINGING LEVEL CROSSING SAFETY
CLOSER TO THE PUBLIC

WHEN CROSSING THE LEVEL CROSSING:

Keep in mind that
the **surface** can be **uneven**.
Be careful **crossing** it and
get out as soon as possible

HOW TO CROSS SAFELY THROUGH LEVEL CROSSINGS?

WHEN APPROACHING THE LEVEL CROSSING:

Approach **with caution**

Respect **the signage**

Stop before crossing it
if necessary

**Pay attention and stay
alert**

Avoid distractions: mobile,
music, conversations, etc.

AT PASSIVE LEVEL CROSSINGS

Stop, look and listen, and if you
can cross, **cross quickly**

Be careful because **behind one
train another** can come

AT ACTIVE LEVEL CROSSINGS

If the **acoustic and/or light signals**
are activated, **wait** until the train
has passed and if you are **already
crossing** the level crossing, **keep
calm** and **go as fast as you can**

If the **barrier does not go up**, or
the lights and/or acoustic signals
are still active, **do not cross**
because a **second train** may come
